THIS IS UNEVALUATED INFORMATION

1. Parked behind a three meter high fence in an area northwest of Baneasa are 200 Soviet medium-sized German tanks with six cylinder Mayback engines. These tanks are camouflaged by a large net which covers the entire fenced area. 25X1
2. Numerous warehouses have been built in the Braila area for the storage of military equipment and war materiel reaching Rumania from USSR via Galati. Temporary warehouses have been erected and Soviet troops were encamped in a place approximately five kilometers southwest of Braila. Tanks, anti-aircraft machine guns, flame throwers and military trucks are allegedly stored in the warehouses.
3. A large Soviet warehouse is located at a point called Varful FMB in a small forest near the Braila-Lacul Sarat highway. Trucks, mobile hospitals and radio sets are stored there.
4. A Soviet military warehouse is located in a small forest called Crangul lui Bot. Military vehicles are repaired near the warehouse in one of the country's largest workshops.
5. A Soviet military warehouse is located in the village of Straulesti near Bucurestii Noi. The warehouse is connected with the Gara de Nord railroad station by recently constructed railroad tracks. Soviet troops are encamped in the vicinity of the warehouse.
